PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience building scalable web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). Strong understanding of REST APIs, authentication, CRUD operations, and responsive UI development. Passionate about writing clean, maintainable code.

TECHNICAL SKILLS

- Frontend: HTML5, CSS3, JavaScript, React.js, TailwindCss
- Backend: Node.js, Express.js, REST APIs, JWT Authentication
- Database: MongoDB, Firebase
- Tools & Concepts: Git, GitHub, Postman, OOP, Data Structures, Debugging

EXPERIENCE

Front-End Developer Intern – Netwings Solution Pvt. Ltd. (Aug 2024 – Nov 2024)

- Developed 20+ responsive UI components using React.js and TailwindCSS. Integrated REST APIs and implemented dynamic data rendering..
- Optimized performance and resolved frontend bugs using Git-based workflow.

PROJECTS

- **Amazon Clone**: Built a fully responsive Amazon-inspired UI with product listings and modern grid-based design using HTML, CSS, and JavaScript. Focused on user-friendly layout and smooth interactivity.
- **Calculator:** Developed a responsive and functional calculator with a clean user interface. Implemented core arithmetic operations using HTML, CSS, and JavaScript.
- **Vector Gallery:** Created a visually appealing gallery website with modern design and smooth navigation transitions. Ensured full responsiveness and an engaging browsing experience.
- **Weather App:** Designed a real-time weather forecasting web app that fetches live data from an external API. Features a clean interface and dynamic weather updates based on location input.
- **Password Manager:** Build using HTML, CSS, and JavaScript, React, Tailwindcss, MongoDB, Node.js and Express.js. Used to store credentials for various platforms.
- **Shopper:** Developed a complete e-commerce web app with product management, cart functionality, and seamless checkout flow. Implemented full MERN stack integration for performance and scalability.
- **URL shortener:** Web app used to short large url into manageable links. Build using HTML, CSS, and JavaScript and React.js.
- **Portfolio:** Build using HTML, CSS, and JavaScript and React.js.
